## HONOR THEIR PRECEPTOR

St. Louis Pupils Give Watch to Brother Bertram.

The boys of St. Louis College, many of them old boys, for there were those there who have attended the school in the years that are gone, assembled at the College grounds last night, and under the banyan tree gave Brother Bertram a pleasant surprise. Brother Bertram leaves today on the Alameda, on the way to Ohio, where he will report to the parent house of his order. The boys who had been his pupils in the twenty-two years since the foundation of the College wished to testify the honor and love they hold him in; and to that end, when all were gathered under the banyan tree, Charles H. Rose stepped forward and read the following resolutions, which had been beautifully engrossed by one of the brothers of the college:

Whereas, Bro. G. Bertram, our honored and esteemed friend, has retired from the office of principal, after a period of twenty-two years of active service;

Resolved, That we alumni of St. Louis College, do hereby express our earnest appreciation of the untiring energy and steadfast honesty of purpose which have marked his career among us;

Resolved, That to his farsighted judgment is due much of the present prosperity and excellence of our "Alma Mater";

Resolved, That he carries with him our gratitude for the interest he has taken in the noble cause of education and our best wishes for his happiness in the future, both here and in the hereafter.

We hope sincerely that, although he has severed his official connection with our dear Alma Mater, he will often remember us as would a most loving friend.

(Signed) CARLOS A. LONG, CHARLES H. ROSE, F. W. WEED, MAUL K. COOK, JAS. S. HOLT, E. V. TODD, Committee.

After reading the resolutions, Mr. Rose presented Brother Bertram with a handsomely engraved silver hunting case watch, with the coat of arms of Hawaii on one side, and the honored retiring principal's monogram on the other, and having a presentation inscription on the inner case.

Brother Bertram returned his thanks, being greatly touched by this mark of affection from his boys, and said that before he went he wished to lead in one more thing, and that was in the formation of an alumni society for the college. The suggestion was enthusiastically received, and the principal designated Father Stephen to take the matter in charge. The graduates of the College will meet on Sunday morning at 10 o'clock, in St. Louis College Hall, for the purpose of perfecting the organization of the society.

## SCHOOL AND CHURCH NOTES.

The Reno University of Nevada has decreed that students who miss drills and do not pass in military tactics will not get their degrees.

The regents of California State university have decided to buy 200 acres of land to "round out" the present irregularly shaped tract on which the Lick observatory now stands.

Rev. Charles H. Stackpole, pastor of the First Methodist Episcopal church, of Melrose, Mass., has suggested to his congregation the advisability of installing telephones in every pew in church so that those hard of hearing may be able to hear the sermon without trouble.

Mr. Francis Galton, F. R. S., has founded in London university a fellowship for the promotion of the study of "National Eugenics," the study of the agencies under social control that may improve or impair the racial qualities of future generations, either physically or mentally.

Very heartily welcomed, the Brothers of St. Gabriel's Institute, famous for their success in the education of deaf and dumb boys, has settled at Beaconsfield House, near Plymouth, England, on their expulsion from France under the associations law. They are about to commence there the education of the deaf and dumb boys, irrespective of creed.

By special invitation John R. Mott goes to Oxford and Cambridge universities next February to hold conferences with the students on matters touching the personal Christian life. Mr. Mott's influence has been profoundly felt in American colleges, and it is not surprising that English universities should desire to feel the touch of his strong personality.

"My resignation has been mostly brought about by the gossip at afternoon teas," said Rev. H. de Trevellec, preaching at Holy Trinity, Claygate, England, from which living he has recently resigned. The text of his farewell sermon was this: "And withal they learn to be idle, wandering about from house to house; and not only idle, but tattlers also and busybodies, speaking things which they ought not."

## PLEAD, DEMUR OR ANSWER

Stipulation in Suit of Whitehouse Against Wilson.

A stipulation allowing the defendant 30 days in which to plead, answer or demur has been filed in the suit brought by L. M. Whitehouse against his former partner in the contracting business, J. H. Wilson, the plaintiff asking for an accounting and an injunction to restrain Wilson from pressing a suit against him for \$1388.88 on a note. Whitehouse, whose attorneys are Thompson and Clemons, claims that there is money due him from the partnership, which was dissolved in 1899, and that the note on which Wilson is suing him is a mere credit memorandum, not intended to represent any liability at all.

## COURT NOTES.

A jury was secured in Judge Lindsay's court yesterday, and the trial of the ejectment case of Kaleiokeko vs. the Waiuku Sugar company was commenced. The end was nowhere near in sight when court adjourned.

The case of Leong Chee, a Chinese from Waiuku who was arrested on a charge of assault with a weapon on a warrant issued by Judge De Bolt as committing magistrate after the defendant had been discharged in the District Court, came up yesterday morning before Judge De Bolt but was continued until today.

Ng See, the widow of the late So Yong Chung, has filed a petition for letters of administration of his estate. This is shown to consist of 33 shares of Olan Sugar Co. stock valued at \$165, 1 share of Honolulu Chinese Chronicle stock valued at \$20, and a leasehold interest at Kailua valued at \$200, making a total of \$385. The heirs are the petitioner and six children.

## CONTRACTED NEURALGIA DURING THE WAR.

"I had a bad case of neuralgia which I contracted during the war. I tried several kinds of medicine but they did me no good until a friend of mine recommended Chamberlain's Pain Balm which gave me immediate relief. I have had no trouble since and must say that I find Chamberlain's Pain Balm a fine ailment. I have since used it for other troubles and always with good results."—J. Viljoen, Jacobsdal, Transvaal. For sale by Benson Smith & Co., Ltd., agents for Hawaii.

## A BROKEN DOWN SYSTEM.

This is a condition (or disease) to which doctors give many names, but which few of them really understand. It is simply weakness—a breakdown, as it were, of the vital forces that sustain the system. No matter what may be its causes (for they are almost numberless), its symptoms are much the same; the more prominent being sleeplessness, sense of prostration or weariness, depression of spirits and want of energy for all the ordinary affairs of life. Now, what alone is absolutely essential to all such cases is INCREASED VITALITY—vigorous—VITAL STRENGTH AND ENERGY to prove that as night succeeds the day this may throw off these morbid feelings and experience be more certainly secured by a course of the celebrated Life-reviving tonic.

## THERAPION NO. 3

than by any other known combination. So surely as it is taken in accordance with the printed directions accompanying it, will the shattered health be restored, the EXPIRING power of LIFE LIGHTED UP AFRESH, and a new existence imparted in place of what had so lately seemed worn-out, "used up" and "broken down." This wonderful medicine is purely vegetable and innocuous, is agreeable to the taste—suitable for all constitutions and conditions, in either sex; and it is difficult to imagine a case of disease or derangement, whose main features are those of debility, that will not be speedily and permanently benefited by this never-failing recuperative essence, which is destined to cast into oblivion everything that had preceded it for this widespread and numerous class of human ailments.

## THERAPION

chasers should see that the word "Therapion" appears on British Government Stamp (this is sold by the principal Chemists throughout the world). Price in England, 2/6 and 4/6. For white letters on red ground added to every package by order of His Majesty's Hon. Commissioners, and without which it is a forgery.
